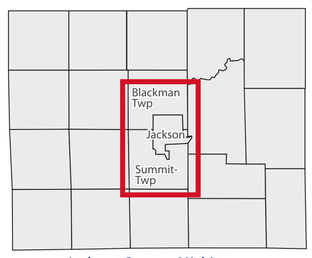
Location Map:



Jackson County, Michigan

Jackson Area Network Map 05/13/20

Jackson City + County Nonmotorized Plan

Region 2 Planning Commission | JACKSON Founded 1829 | The Greenway Collaborative, Inc. | livingLAB impactful design for people and the environment

Map Notes:

1. Michigan Avenue corridor study needed, potential for 5 to 3 lane conversion with parallel parking, medians and separated bike facilities
2. Michigan Avenue corridor study needed, potential for 4 to 3 lane conversion with separated bike facilities and street trees
3. Michigan Avenue corridor study needed, connect to sidepath that is under development on Ann Arbor Road
4. 4 to 3 lane conversion proposed for segments of North Wisner, Adams, Monroe, and Boardman as a FHWA proven safety countermeasure
5. Update pathway and add street trees along Michigan Avenue corridor; add green colored pavement where pathway intersects commercial driveways and roadways.
6. Recommend 5 to 3 lane conversion on Wisner between Argyle and Ganson to make corridor consistent
7. Potential for separated bike facility with 4 to 2 lane conversion on segments of Lansing, Monroe, Ganson, Copper, Martin Luther King Jr/Francis, Greenwood, 4th , West, Morrel, Brown and Dettman
8. Opportunity for pathways through school property, city property, undeveloped rights-of-way, and private property to connect neighborhoods to schools
9. Pathway along east side of Brown between Ganson and Hunt Elementary School
10. Pathway connection through park connecting Monroe and Bush
11. Planned extension of the Armory Arts Walk
12. Extend pathways through Ella Sharp Park
13. Planned extension of existing trail along river
14. Opportunity for signed bike routes on low-speed, low-volume neighborhood roads
15. Pathway planned along the north side of McDevitt with removal of existing bike lanes
16. Continue pathway down west side of Airport
17. Trail connection along the backside of neighborhoods south of Springport Road
18. Add pathway to overpass by reducing lanes on Springport Road bridge deck from 4 to 2 lanes
19. Add pathway along east side of Shirley, north side of Woodworth Road and through Consumers Energy property.
20. Add pathway to east side of Lansing Road with 4 to 3 lane conversion.
21. Unpaved trail connection following Consumers Energy corridor to Rives, with connection to Northwest High School Campus.
22. Provide pathway connection behind neighborhoods along sewer easement
23. Potential to connect to planned water trailhead, bridge over river required
24. Add bike lane through 4 to 3 lane conversion in Blackman Twp to segments of Parnall, Springport Road, O'Neil Road, Wildwood Road and Laurence Road
25. Pathways connecting neighborhoods through Summit Twp property.
26. Township applied for grant to build connection from Blue Lane to School
27. Connection through golf course in Summit Township following service road
28. Connection to Kibby Road through undeveloped parcel
29. Connection to Falling Water Trail through private property
30. Connection to Falling Water Trail through Consumers property
31. Connect neighborhoods to Falling Water Trail/Martin Luther King Equality Trail in Summit Twp
32. Connect neighborhoods following water/sewer easement
33. Pathway planned through Vandercook Lake Park
34. Unpaved trail along abandoned rail corridor on Consumers Energy Property connecting to Horton and Hanover
35. Unpaved trail along abandoned raid corridor through private property connection to Clark Lake Spirit Trail
36. Extend existing pathway along Ann Arbor Road to connect the City of Jackson and Grass Lake
37. Paved shoulder connections to Jackson College and Dalhem Environmental Education Center
38. Sidewalk connection to school with future development
39. Sidewalk along private property to connect gap in Franklin Road
40. Sidewalk connection between Vandercook Lake Park and School along Floyd Ave
41. Pathway connection through Park connecting Monroe and Bush
42. Complete sidewalk connections around shopping center
43. MDOT evaluating reconfiguring interchange to a Diverging Diamond configuration
44. Sidewalk on Boardman between Airport and Maynard planned for 2020.
45. Acquire abandoned railroad underpass and construct trail
46. Evaluate feasibility of river trail extending to Wellworth Park
47. Pathway along north side of Horton Road

Legend:

Nonmotorized Network (existing / planned)
- Trail (paved)
- Trail (unpaved/gravel)
- Bike Lane/Paved Shoulder
- Signed Bike Route
- Sidewalk
- Footpath/Hiking Trail

County Connectors
- Priority Paved Shoulders
- Unpaved Trails and Routes
- Paved Trails and Routes

City of Jackson
- Family Friendly Route

Regional/State Trails
- Iron Belle Trail & Great Lake-to-Lake Trail Route 1

Roads
- Major Roads
- Local Roads
