ARTICLE V  
NON-CONFORMING LOTS, NON-CONFORMING USES OF LAND, NON-  
CONFORMING STRUCTURES AND NON-CONFORMING USES OF  
STRUCTURES AND PREMISES.

Within the districts established by this Ordinance, should there exist lots, structures and uses of land and structure which were lawful prior to adoption of this Ordinance but were made unlawful by regulations imposed by this Ordinance, they shall be termed non-conforming. It is the intent of this Ordinance to permit these non-conformities to continue until they are removed, but not to encourage their survival. It is further the intent of this Ordinance to permit no enlargement of extension of non-conforming uses, including the addition of other structures or uses prohibited elsewhere in the same district.

**Section 5.01. CERTIFICATE OF OCCUPANCY.** Repealed

**Section 5.02. NON-CONFORMING LOTS OF RECORD (SUBSTANDARD LOTS).** In any district in which single-family dwellings are permitted, notwithstanding limitations imposed by other provisions of this Ordinance, a single-family dwelling and customary accessory building may be erected on any single lot of record at the effective date of adoption or amendment of this Ordinance. This provision shall apply even though such lot fails to meet the requirements for area or width, or both, that are generally applicable in the district; provided that yard dimensions and other requirements not involving area or width or both, of the lot shall conform to the regulations for the district in which such lot is located. Yard requirement variances may be obtained through approval of the Board of Appeals.

If two or more lots or combinations of lots and portions of lots with continuous frontage in single ownership are of record at the time of passage or amendment of this resolution, and if all or part of the lots do not meet the requirements for lot width and areas as established by this resolution, the lands involved shall be considered to be an undivided parcel for the purposes of this resolution, and no portion of said parcel shall be used or occupied which does not meet lot width and area requirements established by this resolution, nor shall any division of the parcel be made which leaves remaining any lot with width or area below the requirements stated in this resolution.

**Section 5.03. NON-CONFORMING STRUCTURES.** Where a lawful structure exists at the effective date of adoption of this Ordinance that could not be built under the terms of the Ordinance by reason of restrictions on area, lot coverage, height, yards, its location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No such non-conforming structure may be enlarged or altered in a way which increases its non-conformity, unless otherwise specified by the Board of Appeals.
2. Should such non-conforming structure or non-conforming portion of structure be destroyed by any means to an extent of more than fifty (50%) percent of replacement cost, at the time of destruction, it shall not be reconstructed except in conformity with the provisions of this Ordinance.
3. Should such structure be moved for any reason whatever, it shall hereafter conform to the regulations for the district in which it is located after it is moved.

**Section 5.04. NON-CONFORMING USES OF LAND .** Where at the time of passage of this Ordinance lawful use of land exists which would not be permitted by the regulations imposed by this Ordinance, and where such use involves no individual structure with a State Equalized Valuation exceeding one thousand two hundred fifty (\$1,250.00) dollars, the use may be continued so long as it remains otherwise lawful, provided:

1. No such non-conforming use shall be enlarged or increased, nor extended to occupy a greater area of land that was occupied at the effective date of adoption or amendment of this Ordinance;
2. No such non-conforming use shall be moved in a whole or in part to any portion of the lot or parcel other than that occupied by such use at the effective date of adoption or amendment of this Ordinance;
3. If any such non-conforming use of land ceases for any reason for a period of more than six (6) consecutive months, any subsequent use of land shall conform to the regulations specified by this Ordinance for the district in which such land is located.
4. Only those additional structures which are in conformance to the requirements of this Ordinance shall be erected in connection with such non-conforming use of land.

**Section 5.05. NON-CONFORMING USES OF STRUCTURES.** If lawful use involving individual structures or of structure and premises in combination with a State equalized valuation of five hundred (\$500) dollars or more exists at the effective date of adoption of this Ordinance, that would not be allowed in the district under the terms of this Ordinance, the lawful use may be continued so long as it remains otherwise lawful, subject to the following provisions:

1. No existing structure devoted to a use not permitted by this Ordinance in the district in which it is located shall be enlarged, extended, constructed, reconstructed, moved, or structurally altered except in changing the use of the structure to a use permitted in the district in which it is located;
2. Any non-conforming use may be extended throughout any parts of a building which were manifestly arranged or designed for such use shall be extended to occupy any land outside such building;
3. If no structural alterations are made, any non-conforming use of a structure, or structure and premises, may be changed to another non-conforming use provided that approval is secured from the Board of Appeals and that the proposed use is equally appropriate or more appropriate to the district than the existing non-conforming use. Whenever a non-conforming use has been changed to a conforming use, or to a use permitted in a district of greater restriction, it shall not thereafter be changed to a non-conforming use;
4. When a non-conforming use of a structure, or structure and premises in combination, is discontinued or abandoned for six (6) consecutive months or for eighteen (18) months during any three-year period, the structure, or structure and premises in combination, shall not thereafter be used except in conformity with the regulations of the district in which it is located;
5. Where non-conforming use status applies to a structure and premises in combination, removal or destruction of the structure shall eliminate the non-conforming status of the land.

Destruction for the purpose of this section is defined as damaged to an extent of more than one hundred (100%) percent of State Equalized Valuation at time of destruction.

**Section 5.06. REPAIRS AND MAINTENANCE.** On any non-conforming structure or portion of a structure containing a non-conforming use, work may be done on ordinary repairs, or on repair or replacement of non-bearing walls, fixtures, wiring, or plumbing, to an extent not exceeding twenty (20%) percent of the current State Equalized Valuation of the non-conforming structure as the case may be, provided that the cubic content existing when it became non-conforming shall not be increased.

If a non-conforming structure or portion of a structure containing a non-conforming use becomes physically unsafe or unlawful due to lack of repairs and maintenance, and is declared by the Building Inspector to be unsafe or unlawful by reason of physical condition, it shall not thereafter be restored, repaired, or rebuilt except in conformity with the regulation of the district in which it is located.

Nothing in this Ordinance shall be deemed to prevent the strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by the Building Inspector.

**Section 5.07. NON-CONFORMING USE - BUILDING DAMAGED BY FIRE, ETC.** Any non-conforming use or non-conforming building which has been destroyed or damaged by fire, explosion, Act of God, or by public enemy to the extent of one hundred (100%) percent of its State Equalized Valuation, exclusive of the foundation at the time such damage occurred, shall thereafter be made to conform with the provisions of this Ordinance. Where such destruction or damage has occurred, removal of the non-conforming use of a building also shall eliminate the non-conforming use status of the land on which said building is located. If such damage is less than fifty (50) percent of replacement cost before said damage occurred, exclusive of the foundation, then such structure may be restored to the same non-conforming use or non-conforming building as existed before such damage, provided that such restoration shall be subject to the approval of the Board of Appeals. Said restoration shall be commenced within six (6) months of the date of such partial destruction and shall be diligently carried onto completion.

**Section 5.08. CHANGE OF TENANCY OR OWNERSHIP.** There may be a change in tenancy, ownership or management of an existing non-conforming use, provided there is no change in the nature or character of such non-conforming use.
