- **Planning for the Future of Your Community** – Recognize the function and importance of a master plan, know the process for developing one and its relationship to zoning.
- **Implementing the Plan with Zoning** – Discover the importance of zoning, learn how zoning is administered and gain confidence in your zoning reviews, including site plans.
- **Making Zoning Decisions** – Learn how to adopt and amend a zoning ordinance, understand the role of the zoning board of appeals and obtain skills in basic property development methods.
- **Using Innovative Planning and Zoning** – Strategize with placemaking and design-based solutions for local and regional success in the New Economy.
